GUJARAT TECHNOLOGICAL UNIVERSITY (GTU)

Competency-focused Outcome-based Green Curriculum-2023 (COGC-2023) Semester-V

Course Title: Summer Internship-II (Course Code: 4351304)

Diploma programme in which this course is offered	Semester in which offered
Environmental Engineering	5 th Semester

1. RATIONALE

Idea of Embedded Internships- AICTE has made 7-10 weeks summer internships mandatory in the new curriculum which will equip the students with practical understanding and training about industry practices in a suitable industry or organization. To make education holistic, sports, physical activities, values and ethics have been embedded in the curriculum.

Environmental Engineering Branch of Diploma Engineering is constantly evolving and new technologies are emerging in our society. Summer internship is a good option by which students get exposure of such emerging technology and familiar with industry environment to identify scope and focus of their career development opportunities. Main objective of summer internship is to provide hands-on practice to students to bridge the gap between academics and industrial environment and to obtain various types of skills throughout internship program.

This four-week mandatory internship is to equip the students with practical knowledge and provide them exposure to real time industrial environments. Further, in these internships, the option is provided to do internship in Industries/ Consultancies/ Government Agencies/ skill development centres / social sector/ Govt. initiated social schemes/ NGOs etc. The duration of internship will be four weeks after completion of 4th Semester and before the commencement of 5th Semester.

- 1. **Offline internship in industry** Student is supposed to produce joining letter for starting and relieving letter once the internship is over in case of Offline internship in any industry.
- 2. **Online internships** Student can select from any of approved /supported / recommended by the All-India Council of Technical education for Internship (like Internshala / NEAT/ Gujarat Knowledge Society Initiative etc.) or Approved by the state government or University approved
- 3. **A Mini Project** On some suitable topic related to respective branch. It can be small fabrication / experimental results/ simulations/ Application development / Design and / or Analysis of System(s) etc. depending on the branch of the student. Preferably a single student should carry out a mini-project.

2. COMPETENCY

The purpose of this course is to help the student to attain flavour of the following industry identified competency through summer internship experiences:

 Develop effective environmental engineering skills, problem-solving abilities, and technical knowledge to design and develop innovative solutions during gaining hands-on experience for professional development opportunities.

COURSE OUTCOMES (COs)

The practical exercises, the underpinning knowledge and the relevant soft skills associated with the identified competency are to be developed in the student for the achievement of the following COs:

- a) Learn and adopt their role and responsibilities with ethics.
- b) Get exposure to the industrial environment for professional activities.
- c) Get possible opportunities to learn, understand and sharpen the technical skills required for technical advancement.
- d) Develop managerial skills required for professional career.
- e) Attain skill for writing technical reports and presentations.

4. TEACHING AND EXAMINATION SCHEME

Teach	ing Scl	neme	Total Credits	Examination Scheme				
(lı	n Hour	s)	(L+T+P/2)	Theory Marks		neory Marks Practical Mark		Total
L	T	Р	С	CA	ESE	CA	ESE	Marks
0	0	6	3	0	0	50	50	100

- 1. **Offline internship in industry:** CA will be carried out based on submitted progress card by Industry resource person and ESE / Assessment will be carried out by institute resources person.
- 2. **Online internships:** CA will be carried out based on submitted certificate and ESE/ Assessment will be carried out by institute resources person.
- 3. **A Mini Project:** CA will be carried out based on project work by institute resources person. **Legends: L**-Lecture; **T** Tutorial/Teacher Guided Theory Practice; **P** -Practical; **C** Credit, **CA** Continuous Assessment; **ESE** -End Semester Examination.

List of Documents to be prepared for Submission:

- Student has to prepare a detailed report duly signed and approved by the internal/external mentor. A copy of report can be kept in the departments for record.
- The presentation of softcopy by student for Internship/ Mini project.
- Student should produce successful completion certificate in case of summer internship in industry.

Sample forms for Registration and Evaluation of Summer Internship-II –SI-II are given below:

1) Both forms are mandatory to be filled at the commencement and completion of SI respectively.

- 2) Mapping will be done to ease CA and ESE Evaluations.
- 3) A Seminar / Webinar can be arranged so that students coming from different industry / institute / project background can share experiences and learnings to their peers / all students of the same department.

4) Attached formats for Registration, Completion and Evaluation are suggestive. But, adhering to these formats is anticipated.

REQUEST LETTER FROM INSTITUTE TO INTERNSHIP PROVIDER

To,	()	Date:/
	eral Manager (HR)	
Dear Sir, You must students. In view o Environm	the aware that AICTE has many fithe above, I request your good the sental Engineering for practions of the permission and give at least	strial Internship for Diploma Programme Students. ade internship mandatory for all technical education good self to allow our following students of Diploma tical training in your esteemed organization. Kindly east one-week time for students to join training after
S. No.	Enrolment number	Name
A line of o	confirmation will be highly a	appreciated.
With war	m regards,	

Summer Internship-II Registration Form

Note: Students needs to submit this registration form after finalizing mode of internship.

Common Noto:	

- 1. For Summer Internship / Projects / Seminar etc. Evaluation is based on work done, quality of report, performance in viva-voce, presentation etc. The internal / external assessment is based on the student's performance in viva-voce /work record respectively.
- 2. In case Industry Supervisor is not available / Institute Mentor/ Faculty can fill up both.

5. AFFECTIVE DOMAIN OUTCOMES

The following affective Domain Outcomes (ADOs) are embedded in many of the abovementioned COs. More could be added to fulfill the development of this course competency.

- a) Work as a team leader or as a team member.
- b) Practice environmentally friendly methods and processes.
- c) Follow safety precautions and ethical practices.

6. SUGGESTED STUDENT ACTIVITIES

Following are the suggested student-related curricular, **co-curricular** activities which can be undertaken to accelerate the attainment of the various outcomes in this course: Students should perform following activities and prepare reports and give presentation in front of students and faculty members. They should also collect/record physical evidences for their (student's) portfolio which may be useful for their placement interviews:

- a) Perform various tasks given by industry resources person during offline internship.
- b) Perform various tasks given during online internship.
- c) Perform various task required to complete mini project work under guidance of faculty member.
- d) Summer Internship program Interns are required to give a presentation before review committee consisting of a group of academic staff members.
- e) The review committee gives feedback and suggests possible improvements in the work.
- f) A completion certificate will be issued to all Summer Internship program Interns only after the completion of internship tenure.

7. SOFTWARE / LEARNING WEBSITES

An internship is a short-term work program usually offered to students by companies and institutes who require staff for assistance at junior levels. Thus, for the students undergoing internship a professional learning experience is provided to benefit them in their skills as well as career. It will brush existing skills and provide exposure to new skills. Generally, it is provided at an entry level in the industry.
